

## **PORNCHILD HISTORY**

### **1998**

«PORNCHILD» gets founded by «Daniel Ogriseg» (bass), «Christian Dill» (drums), «Philippe von Arx» (vocals) and «Julien Duseyau» (guitars). This completely fresh constellation becomes source of a huge load of new inspiration and ideas.. Without knowing anything about each others before, the four musicians immediately start writing songs together and the musical direction gets defined quite soon. Only three months later they record their first demo at „LOBO STUDIOS“ in Basel.

### **1999**

With their first demo, they get lots of possibilities to play plenty of concerts with bands like «GURD», «RHYTHM WOODS» (now COMASTER) and «MAYFAIR». Already in summer, the next demo appears and the number of played concerts rises constantly. By end of the year PORNCHILD already has the reputation of „basels live-hammer“

### **2000**

The band presents itself more compact, powerfull and consequent than ever before. Highlights follow: «PORNCHILD» sets new measures to basels live-rockscene performing on the best stage at prime time at basels „Youth-Culture-Festival“.

But the money the band has, still isn't enough to record an album and drummer Christian Dill leaves the band in August. So another 8-track-demo gets released including the last recordings with Christian. In autumn PORNCHILD gets help from «Christian Specker», drummer of the band «ARF».

### **2001**

The french promoting-organisation «VIVIPARE» gets in contact with the band. They send plenty of demos to fan- & webzines. The songs «CARRY THE CONSEQUENCE» and «GENT» are on the top of french online-charts for a few weeks. In september PORNCHILD produces a live-video for the song «CARRY THE CONSEQUENCE».

Not only PORNCHILD has a lot to do, also «ARF», Christian Speckers band, is working on plenty of things. So he leaves the band and the young talented drummer «Martin Huber» takes over the rhythm-section

By end of the year, PORNCHILD wins the greatest contest of the city called «Basels band goes CH». Due to the budget the band wins and the deal with «N-GAGE PRODUCTIONS», the band takes the next step of their career: the work on their album starts.

In December the four guys rock the well known «NOUMATROUFF» in MULHOUSE (F) and the german sampler «FINEST NOISE» releases the song «GHOSTS».

## **2002**

In February «V.O. Pulver», frontman & producer of «GURD» & ex-«Poltergeist», records the first PORNCHILD album called «HAVE YOU EVER...?».

The band has a great gig with «HENRY ROLLINS & BAND» in the „Z7“ - club in Pratteln!

Now everybody is waiting for the release of «HAVE YOU EVER...?» and the videoclip to «WHITE MAN».
